Re: Tamil Community Centre

Dear Steering Committee of the Tamil Community Centre project,

The construction of a Tamil Community Centre is long overdue. It is great to know work is underway in the Tamil community in Toronto to begin the process of building a Tamil Community Centre.

As a councillor representing a Scarborough ward with many Tamil constituents, I want you to know that I will work with you on this project.

As this project moves forwards, please keep me involved in next steps and let me know how I can be supportive. All the best.

Sincerely,

Gary Crawford
Councillor, Ward 20
Scarborough Southwest
