4. GH3 VISIT TO SHARE REDESIGN

That gh3 presented redesign option to the Board.

Q&A:

- *Switching gym and auditorium – not recommended due to heaviness off the building structure facing stairs rd*
- *Multi levels for future consideration – possibility of building another structure on parking space in future but not on top of the current design.*
- *Lack of Tamil identify – will need to be defined further as this redesign prioritized budget and timeline.*
- *Arc structure may not bring enough light into the build, gives it a dark feeling to the building – gh3 will work towards refining this arc structure to bring in enough natural light.*
- *Space for reception/bridal shower, etc for marketing opportunity to bring in revenue – gh3 to work on this request to consider opportunities to have the gym as a usable venue space*
- *Is there a possibility to have balcony space – gh3 is working on this and present it to project committee with multiple balcony options for the building.*
